Agenda No. 5 - Approval of the Budget estimate for FY 2024-2025

The copy of the estimated Budget Sheet for the FY 2024-2025 was provided to the members present at the venue which is attached as Annexure-I.

The estimated Budget for 2024-2025 was discussed and during deliberations, Shri N.K.Bansal raised his concern that revenue expenditure & capital expenditure should not be clubbed together in the Budget and the revenue expenditure should not be the part of estimated Budget, which point was taken into consideration and the House was assured that in future due attention will be given after consulting the Chartered Accountant as per the concern raised.

Further, healthy discussions took place on head-wise items and mainly concern was raised by Shri N.K.Bansal and focused on Repair & Maintenance Budget of Rs. 12,69,083/- with 10% increase on last year's estimated budget since the current year's expenditure figure was available for half of the year. But since repair & renovation work presently going on which is likely to be completed by the end of October, 2023 and only painting work will remain pending for which the issue will be raised before the House in the following agenda separately, the general repair & maintenance of society covers the estimated budget. Since Shri Bansal do not find it to his satisfaction, he again raised his concern that looking to his working experience in the Corporate Sector where budget is drawn in commensurate with income and expenditure to which MC tried to place their submission that Cooperative Group Housing Societies cannot focus on profit earning whereas in Corporate Sector main focus lies to earn higher profits but if the House do not find it suitable, the MC proposed to curtail the Budget under the head Repair & Maintenance. But Shri Bansal again raised his concern over the Budget and proposed not to approve the Budget and keep it pending for rectification to which Dr. Tarun Das raised his point on the concern of Shri Bansal that what purpose will be served to keep it pending since the MC proposes to curtail or even zero down this particular head. Even after further discussion, Shri Bansal remain strict to his point, the entire House gave its consent to adopt the Budget for the ensuing FY 2024-2025 since there is almost six months time remain in the current fiscal but the point of concern raised by Shri Bansal shall also be kept in consideration. Since no other query was raised on Budget the entire House gave its consent to adopt the Budget.

REP HE the major difference in the quotation of painting which were place 1914 the SGBM. on 23.07.2023, it was informed to the House that discussions were held with the vendors on this score. The higher quote from AVM Infratech Pvt Ltd. was on account of paint quality used is of higher quality which is used in individual flats and the quote from the companies do not contain the common area of all floor and enamel painting work. Hence fresh quotations were called from the two contractors presently working in the society as also from Asian, Nerolac, Berger and Dulux Paints. During personal deliberations with AVM Infratech Pvt. Ltd. that the prices can be slashed if the society do not agreeable to do the exterior paint with higher quality and matching to the companies project cost they submitted two quotes for using Asian Paints & Nerolac Paints which cost about Rs.59.50 lacs & Rs.53.50 lacs respectively with 8 year warranty exterior and interior common area including enamel painting of all iron grills in the common areas. The quotes submitted by all the four companies named above varies between Rs.55 to 60 lacs including exterior, interior and enamel painting. On scrutiny it is also observed that there is variation in measurement of area mentioned by all the vendors but it works with exact measurement and the estimated cost of painting work will works between Rs.55-60 lacs for which MC proposes to raise the demand of Rs.60,000/- from each member/resident and in two trenches.

Based on the above, discussions took place on various aspects but finally the House was of the firm view as under:-

- i) that the estimated cost of painting work would be taken as Rs.55-60 lacs.
- that the MC is authorized to take final decision on this project covering all the points viz. how much further negotiations can be made with the vendor selected for the project without compromising with the quality of work, any further cost cutting decision related to scaffolding, jhoolas for painting, etc. in the best interests of the Society, as to when the project is to be initiated since winters are ahead.
- that to meet the cost of the painting work, as per the proposal of the MC proposed a demand of Rs.60,000/- is to be raised from the members/residents and after due deliberations on this score, it was decided to the collect the demand in two trenches @ Rs.30,000/- each with due dates 31st January, 2023 & 31st May, 2023.
